

Find-Someone-Who

This worksheet asks you to "Find someone who..." You have to have the person who knows the answer for their question to write it along with their signature on the worksheet. You can find only two answers from any one person. When you are finished you become a helper by sitting down and becoming a resource for others who can ask them any question. Students who originally knew none of the answers, after filling in one or two of the answers become a resource for others because they have become "someone who knows."
