Find-Someone-Who

This worksheet asks you to "Find someone who..." You have to find a person who knows the answer for each question. You are not allowed to answer your own questions but can answer those of others. You must get each person to initial their answers on your sheet.
You can find only two answers from any one person. When you are finished you become a helper by sitting down and becoming a resource for others who can ask them any question.
Students who originally knew none of the answers, after filling in one or two of the answers become a resource for others because they have become "someone who knows."
